Herald Journal
Logan, Utah

Gentlemen: RE: LOGAN RIVER DISTRIBUTION

Reference is made to Notice to Water Users concerning a Proclamation which was published in three weekly issues of your newspaper commencing June 9 and ending June 23, 1949.

As yet, I have not received the six proofs for the files of this office. Kindly submit them at once, together with Proof of Publication and bill in duplicate.

It will greatly expedite the handling of this matter if the affidavit and bill in duplicate are received before June 30, 1949, which is the end of the present biennium, for the reason that the cost of publication must be paid from the general fund rather than from the State Engineer's advertising fund.

Yours very truly,

TM

Harold A. Linke
STATE ENGINEER.
